WELCOME

To whom this may concern,

Mobile Escapes would like to thank you for taking the time to read our information booklet. You will find within this document, a biography of Mobile Escapes, a list of our past events and clients and a detailed description of the different escape room workshops available for elementary and secondary schools as well as for community events.

Mobile Escapes' main objective is to promote communication, teamwork and critical thinking through educational escape rooms adapted from the Ontario Ministry of Education's curriculum. In less than 30 minutes, our team can transform a classroom, a staff lounge, a library or even a corner of the gymnasium into an escape room. We have several educational themes for students in grades 4 through 12, as well as entertaining scenarios for the teaching staff.

In the past few years, escape rooms have become an extremely popular form of entertainment. Thanks to Mobile Escapes, you can now enjoy this experience with the luxury of staying in your school!

Thank you again for your interest and we look forward to meeting you soon!

Happy escaping!

Sincerely,

Mobile Escapes
Nicolas Marcil
Eric Marcotte

BIOGRAPHY

Mobile Escapes was founded in 2016 by Nicolas Marcil and Eric Marcotte. Both are teachers in Ottawa and have been hosting their escape rooms throughout the National Capital Region. As a result of their popularity in schools in the last 2 years, Mobile Escapes hope to continue to offer their unique service in schools and communities across the province of Ontario.

Nicolas Marcil

Eric Marcotte

As entrepreneurs, Eric and Nicolas have recently completed their biggest project. They were asked to be content creators for a television show called “Échappe-toi si tu peux” (Escape if you can) which has been aired on the television channel “Unis TV” since July 2018.

Eric Marcotte is currently teaching mathematics, computer science and physical education at Macdonald-Cartier Academy, in Ottawa. He is also a professional magician and has been performing for over 15 years.

Nicolas is an elementary school teacher and worked as an educator for the past 9 years. He now wishes to continue teaching through educational workshops and escape rooms.

Eric and Nicolas are also co-directors at the Ontario Educational Leadership Centre, a leadership camp for intermediate and high school students. Their experience in teaching, magic, leadership and animation was a catalyst for their Mobile Escapes launch in 2016.

SCHOOL WORKSHOPS

In order to stimulate team building and communication, our workshops are all presented in the form of escape rooms and can be adapted to any room available. Once the setup is complete, students have 45 minutes to work together in order to escape. With clues to find, locks to unlock and puzzles to solve, escaping isn't an easy task! Mobile Escapes can set up two rooms at once and offer this amazing experience to a maximum of 60 participants. A 15-minute period will be required to reinstall the rooms before welcoming the next two groups. Within regular school hours, it is possible to offer five waves of two groups for a total of 300 students that will live this unique experience!

Escape your homework :

Grades : 4-6

Theme : The Ontario Curriculum

Students must work together in order to accomplish a series of tasks that will reveal secret combinations. All of the clues, puzzles and enigmas are directly adapted to the Ontario Curriculum. That being said, they'll need to apply their knowledge in English, French, mathematics, history, social studies, music and physical education in order to complete this escape room. If they succeed, each student will receive a certificate of achievement as a souvenir. This is an innovative and creative activity that allows students to apply their knowledge while having fun!

SCHOOL WORKSHOPS

Escape from bullying :

Grades : 4 through 12

Theme : School bullying

This escape requires a collective effort among students while opening their eyes to the world of school bullying. Knowing that an inclusive and welcoming environment is essential to the well-being and success of students, this experience will be nonetheless meaningful and unforgettable for everyone! This scenario is adaptable for students in grade 4 to grade 12. Following this experience, students will have a better understanding on how to prevent, how to act and how to properly use the resources available to them regarding bullying. Also, this escape room will make them more aware of the impact and the repercussions that bullying can have as well as how to denounce it. This educational approach promises to be very beneficial for your students!

SCHOOL WORKSHOPS

Escape high school:

Grades: 9-12

Theme: Careers

Students explore the various careers and professions through puzzle solving. This escape room requires the expertise of each participant in order to succeed! This workshop is developed in order to stimulate the different styles of learners as well as their interests. A perfect opportunity for students to get out of their comfort zone and create an unimaginable group cohesion.

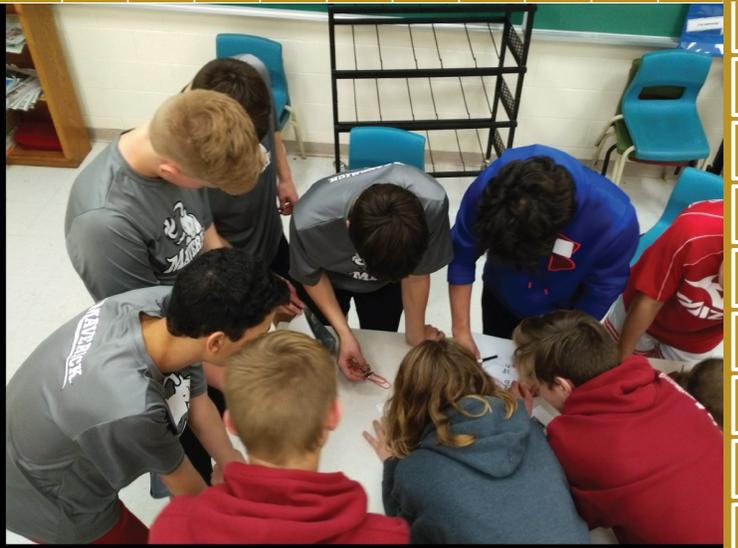

COMMUNITY EVENTS

1. Escape from reality :

Mobile Escapes offers a series of scenarios and themes to choose from in order to meet your needs (objectives). Escape rooms are ideal to strengthen teamwork within members of a teaching staff, corporate groups and families and friends. The participants must solve puzzles, decode numbers, open padlocks and escape from reality. In order to succeed, they will need to demonstrate leadership, communication skills, use logic and perhaps, a little bit of luck. Bring the escape room experience at your closest community centre and make it an event not to be missed!

Snacks (fruits, muffins, etc.) - optional

2 students to help us carry our equipment before and after the event.

1 teacher or an adult responsible for the participants of each wave

ÉCHAPPE-TOI SI TU PEUX

Monday to Wednesday
6 : 30 pm
UnisTV

Television series - 52 escape rooms - 26 episodes - Mobile Escapes : Escape room creators

ÉCHAPPE-TOI SI TU PEUX

Eric and Nicolas have completed their biggest related project as entrepreneurs. They were asked to be designers and creators of puzzles and enigmas for the television show “Échappe-toi si tu peux” (Escape if you can) that is broadcasting on the channel “Unis TV” since of July 2018. In collaboration with writers and producers, Eric and Nicolas have created 52 escape rooms for the 26 episodes of season 1. Participants will be challenged with the interaction of the main character of the series, played by the Franco-Ontarian comedian, Vincent Poirier. Knowing that this educational television program is designed specifically for students in grades 4 to 8, Mobile Escapes already has aspirations to eventually go on tour with this unique concept in order to bring this television show directly to the schools in Ontario.

Watch an episode with your French class!

<https://unis.ca/echappe-toi-si-tu-peux>

Fun and educative resource for all of your students!

ABOUT

"Échappe-toi si tu peux" (Escape if you can) is a fun and collaborating game, inspired by the best escape life-size games, said 'room escape' and designed to engage viewers. Take the best elements of a “quiz show” to create a new style where the participants will live an incomparable immersive experience. Each week, the game features a new theme, new puzzles, new events, and various scientific experiments in line with the interests of the team. In an atmosphere both strange and claustrophobic, this television show will definitely give the jitters to the bravest participants.

TESTIMONIALS

“Absolutely amazing! Would highly recommend to anyone. Had a blast watching the kids trying to escape, and was dying to participate! Can't wait to have them over again.”

- **Catherine Pound**

“Nick and Eric came to our office last June and all my coworkers were loving it! One of the best year end activities we had in a long time !”

- **Martine Maddy Saint-Hilaire**

“I love these guys!! I loved these guys before they did this. Awesome people!!

They were at my kid's school today and they loved it!!!”

- **Marie-Pierre Routhier Dixon**

“We hired mobile escape for a joint birthday party. They 100% cater to all groups of ages as well as large groups of people. They were very organized and helpful during the entire event ! Great people skills of course ! I would highly recommend mobile escape for bachelorettes, family gatherings, get togethers with friends, birthday parties and team building activities for employees.”

- **Tiffanie Labarge**

TESTIMONIALS

“Had Nick and Eric over for our birthday and they split us into two groups and we chose to do the same room escape on two separate floors in our house and had a competition to see who can get out faster! Was a blast, we almost ran out of time but completed it with only a few minutes to spare while the other team didnt make it out. These guys are genuinely passionate for what they do, are incredibly animated and play their parts really well. Highly recommended!”

- **Mike Labarge**

“Had Nick and Eric come do a mobile escape for our staff party for Gabs sports bar. The staff loved it, they’re very professional and well organized. Very highly recommended, you won’t be disappointed. Thanks again guys!!!”

- **Sameer Chhibber**

“I really enjoyed the escape they created specifically for our event. I liked that they adapt to the rooms. I would call them again for another event.”

- **October 18, 2017**
